German Checklist for Writing

Have I referred to my recent **WALT** or **Next Step**?

Question 1: Refer to table at back of book

Who am I talking about?

i.e. which pronoun (person) e.g. ich/du/er/wie, etc?

What is the verb? Does it match the person (i.e. have the right ending?)

What is the tense? How many parts does it need?

If past tense, is it a movement verb (sein) or not (haben)?

What should the word order be? Does it need to invert?

Have I got rid of distractions?
I have my book and help sheet?
Do I know what the question is asking me for?

GERMAN

Question 2: Refer to chart at back of book

Am I using a conjunction (joining word?)

Is it one that send the verbs to the end e.g., weil (in which case which word is the verb?) or does it reset the word order i.e. the verb comes second after it?

Question 3: Refer to adjective table and check case

Is there an adjective?

Is it before the noun? If yes, have I checked the agreement?

Is there a case change - nominative or dative? Check if the preposition is a 'case changer'. Use your table for adjective endings.

Have I got rid of distractions?

I have my book and help sheet?
