

POST-18 PLANNING AND PREPARATION

Healthcare Science hosted by Surrey Heartlands/HEE Surrey
Thursday 1st July at 11am

Health Careers LIVE are live streamed events that broadcast to thousands across the UK wanting to find out more about the different job roles within the NHS. This broadcast will cover the many different pathways into Healthcare Science. You can watch it [here](#).

Getting Into Medical School Workshop **Saturday 10th of July 10am to 1pm**

Long Road Sixth Form College in Cambridge are hosting this event in collaboration with In2Med. This virtual workshop is free of charge and is designed to help students in their application for medical school.

There will be a variety of speakers including medical students, junior doctors recently graduated from the University Cambridge and teachers from across the country covering a range of topics about applying to medical school. We recognise that with the pandemic, the application process has never been more difficult and so this workshop will aim to aid students with applying in these challenging times. The session will be interactive, and we hope to answer any of the questions that the students may have about getting into medical school.

Timetable for the day:

- 10am - 10.20am — What Medical Career entails
- 10.20am - 10.40am — Advice for the UCAT
- 10.40am - 11.00am — How to find work experience
- 11am - 11.20am -- Teacher reference and Predicted grades.
- 11.20am - 11.40am -- Productivity tips and How to choose your 4 medical schools
- 11.40am -12pm -- What it is like to apply during the COVID-19 Pandemic
- 12pm - 12.30pm -- Focused Personal Statement Session
- 12.30pm-1pm -- Q&A and Conclusion

Students can register [here](#). Places are filling fast so make sure to register your interest soon.

PwC Flying Start Degree Programme 14th July 4.30pm to 6pm

Now in its 20th year, PwC Flying Start degree programme is aimed at students that want to work in industry alongside studying towards a degree.

The programme offers students the opportunity to combine the university experience while working towards a career at the same time. Students can enjoy everything university life has to offer whilst working towards becoming an ICAEW Chartered Accountant on multiple paid placements at PwC throughout their degree. The programme lasts four years and is an excellent way to fast track a career in the accounting and business profession.

If you want to find out more about the programme, join the upcoming session in their Virtual Park on 14 July, or join one of our Back to Schools sessions in our region.

Find out more [here](#). Join a the Virtual Park [here](#).

FOR APPRENTICESHIP RESEARCH take a look at REMIT... have you got what IT takes?

Remit provides a wide range of apprenticeship programmes that support the needs of the learner and help employers to build their IT and Digital talent of tomorrow. They work with a wide range of employers from household brands to SME's to offer exciting career opportunities.
