

POST-18 PLANNING AND PREPARATION

The Careers and Apprenticeship Show Thursday 20th May 9am-7pm

This event is aimed at students aged between 15 and 19 who would like some help finding out what jobs are available locally, which industries are growing, and where the most promising career opportunities are. Parents and carers are welcome too!

There will be a full day and evening of activities including;

- Information about apprenticeships and degree apprenticeships
- 60+ virtual employer booths, for live chat
- Inspiring speakers from the largest local employment sectors
- Interactive sessions with live Q&A on a range of topics
- A wide selection of live apprenticeship vacancies to choose from
- Information on training opportunities
- Fact sheets, information packs, and resources to download and keep
- Updates on the best career prospects in your local economy
- A focus on careers in Dorset, Hampshire, Surrey, the Isle of Wight and the M3 corridor

IBM Insight Evening Thursday 13th May 5-6pm

This event will bring together some of IBM's most senior figures, where they will explain what it's like working for one of the world's largest tech companies.

"At IBM, work is more than a job — it's a calling. To build. To design. To code. To consult. To think along with clients and sell. To make markets. To invent. To collaborate. Not just to do something better, but to attempt things you've never thought possible. To lead in this new era of technology and solve some of the world's most challenging problems."

Hear about some of the exciting projects they are working on as well as their school leaver opportunities, summer insight days and gap year placements.

Springpod Degree Tasters

A few weeks ago I wrote about the virtual work experiences on Springpod, which some students have already benefited from greatly. They are now offering free Virtual Degree Taster programmes in Psychology, Law, Journalism, English, Engineering and Business, with more to be added soon.

Try before you apply - Get an in-depth look into what it's like to study at university, featuring an interactive look into the content of your course of choice.

Fit it around your schedule - Each Programme consists of 10-hours of work, which can be completed flexibly over the course of two weeks, complete with taster activities, reflection tasks and interactive quizzes. Also coming soon, the programmes will involve live webinars with notable academics and course leaders to answer your questions directly.

Stand out from the competition – Add the experience to your CV and/or Personal Statement. The programme will also help you to stand out in the application process. You will discover vital employability tips, how to prepare for applying, interviews skills advice and much more. Once you have completed a programme, you will be awarded a certificate.

All six programmes begin on 1st June 2021, you can register your interest [here](#). Further dates will be added later in the year.

More to follow next week!
