PROBLEM SOLVING
FOLLOWING PROCEDURES
ABILITY TO WORK UNDER PRESSURE

DID YOU KNOW... you can now do an apprenticeship to become a Nursing Associate which in turn can lead on to Midwifery or other areas of Nursing specialism? You can also do an Apprenticeship to become a Physiotherapist, a Paramedic, a Firefighter or a Police Officer and many many more.

Here are just a handful of links and examples of different routes (*via UCAS explore jobs, the Institute for Apprenticeships, and other sources*). The options are far reaching, don't be afraid to explore outside the box!
