

UPCOMING OPPORTUNITIES

STEMPOINT are offering Year 12 students the opportunity to gain key quantitative social science research skills by taking part in a Nuffield Research Placement. Social sciences cover a diverse range of topics, and have a major influence on government policy and population behaviour. Placements in Science, Technology, Engineering and Maths are also available.

You will undertake your very own research project, working alongside professional social scientists, scientists, engineers, technologists or mathematicians. Students will also take part in online module assignments designed to develop their essential professional, research, data and numeracy skills.

This opportunity will allow you to:

- Learn new skills
- Experience a real job in Social Sciences/STEM
- Enhance your Personal Statement and CV
- Meet experts in your chosen field
- Increase Confidence

Subjects include Business, Psychology, Sociology, Economics, Law, Education, Criminology, Public Health, Geography, Finance, Aviation, Sustainability plus more.

The scheme is highly regarded by universities and companies, a must for students interested in STEM and quantitative social science careers.

Applicants from low income homes will be prioritised. For further details visit the website [here](#).

Youth Action for Nature 24th March 6-8.30pm

The Surrey Wildlife Trust are offering a free webinar about environmental campaigning, lobbying and conservation.

The webinar will cover how nature provides the answers to health, climate and economic crises and what young people can do to develop the skills and confidence to start a career in this arena.

This event could be the start of your journey in gaining valuable skills and experience, all of which can help with university and job applications in the future.

You can find the schedule and book a place [here](#).

WorldSkills UK is an independent charity and a partnership between employers, education and governments.

Spotlight Talks give students a fantastic opportunity to hear from, and pitch questions to, role models, employers and apprentices across a huge range of sectors. It brings together the UK's leading employers and apprentices to inspire even more young people, from all walks of life, to take up technical career routes and apprenticeships.

This event will be broadcast live from **9am to 12pm on Wednesday 24 and Thursday 25 March 2021**.

Recordings from last year's talks are also available to view on their website and will give you an insight into the breadth of what will be covered across the two days.

Find out more [here](#).

More to follow again next week!
