

UPCOMING OPPORTUNITIES

THE ENTERPRISE FESTIVAL EDU

Are you Interested in Business and Entrepreneurship?

EDU events are designed for school and college aged students interested in pursuing a career in business. Whether this is starting up your own company or working within a large corporation, this **FREE virtual series** will help you to understand how to get ahead.

Hear advice from entrepreneurs working in industry **on how to effectively navigate your career, stand out from the crowd, turn your passion into a successful business** and so much more!

Where to begin: It's ok to not know what to do - 22nd April, 2-3pm

Join Simon Squibb, entrepreneur, angel investor, mentor, podcast host, founder and Chief Purpose Officer at **The Purposeful Project**, to discuss the **various pathways** you could take, the **importance of work experience** in discovering what you're interested in and how it will aid your future success.

From passion to profit: How to make money doing what you love – 27th April, 1-2pm

Have you ever thought about **turning a passion into a future job**? Join Lucas and Natalie, co-founders of fashion forecasting company **AllEyes** to discuss how you can **use your hobbies to shape your career**.

Brand Building: The importance of building your personal brand - 29th April, 2-3pm

Building your personal brand is vital to **set yourself apart from the crowd** in an increasingly competitive job market! Explore what's important when building your brand and **how it will benefit you in your future interviews**.

Next steps: Deciding which route to take – 4th May 1-2pm

Taking the leap onto a specific path can be both daunting and challenging. Our experienced panel of **industry professionals** will be **sharing their own experiences and some of their top tips** on how to make those crucial steps towards your future goals.

Law Virtual Work Experience for Year 12

Charles Russell Speechlys are a top 30 law firm headquartered in London with offices across the UK, Europe, Asia and the Middle East and revenues of £120 million. Over the course of the program the opportunity will provide students with a really great insight into how a law firm works and makes money, the different departments they have, and an opportunity to talk with lots of different solicitors.

The program will take place over 2 weeks in the summer holidays - **26-28th July & 2nd-6th August**

- Partner welcome talks
- An insight to law, their different departments and areas of work (including non-law routes)
- Breakout rooms with solicitors in talking about different areas of law
- Client relationships
- Workshops & interactive sessions

Spaces are limited so students are encouraged to book as soon as possible [here](#). Applications close on 15th April.

Goldman Sachs Virtual Engineering Program

Goldman Sachs believe who you are makes you better at what you do. For them, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for their clients and communities.

Their Engineering organisation, comprised of an Engineering Division, global strategist groups, and Engineering teams within other divisions, build solutions to some of the most complex problems in the industry.

From automated trading to managing data, risk analysis to safeguarding information and promoting environmental sustainability, their commitment to best-in-class technology provides Goldman Sachs with a competitive edge. Interested? Participate in their Engineering Virtual Program to learn more!

For more information and to sign up visit The Forge website [here](#).

Watch out for something a little different coming next week!
